M. S. NIMMONS

South Main St. Next Door to C. A. Reed Music House.

We are recommending our 10-1-0
and 10-2-0 and 10-2-1-0 for wheat
and oats this fall when you sow it.

This will give it stalk and grains in the
head, and that is what you want in grain. If
you will sow five acres in wheat and five in
oats this fall, after preparing the land well
and fertilizing it well with either of these
goods, you will find it advantageous. The
10-2-1-0 is an especially fine goods for grain.
Let us hear from you.

FIRST SERVICE OF
MISSION LAST NIGHT

THE REV. MAYNARD PREACH-
ED INTRODUCTORY
SERMON

PRODIGAL SON

Was Subject and He Depicted the
Loving Father in His Hand-
ling of Text.

The first service of the advent mis-
sion at Grace Episcopal church was
held last evening at 8 o'clock, the
Rev. Maynard Marshall of Clemson
college preaching the sermon.

The Rev. Marshall's sermon was
on the "Prodigal Son," but he preach-
ed more from the subject of the loving
father who forgave the wandering son,
than he did the son's return. His
sermon was well delivered and was
well received by a splendid congrega-
tion.

Several questions were placed in
the question box last evening and at
the services tonight these will be
answered. The question box is placed
near the door and all are invited
to leave questions pertaining to re-
ligion, the church, etc., in this box.

There will be two services daily.
The first is in the morning at 10
o'clock and the second in the evening
at 8 o'clock. The public is cordially
invited to attend.

HOT WATER THE
BEST LIVER AND
BOWEL MEDICINE

Says glass of hot water before
breakfast wipes poisons
from system.

Physicians the world over recom-
mend this habit, claiming this is
of vastly more importance than out-
side cleanliness, because the skin
pores do not absorb impurities from
the blood, causing ill health, while
the pores in the ten yards of bowels
do.

Men and women are urged to drink
each morning before breakfast a
glass of hot water with a teaspoonful
of limestone phosphate in it as a
harmless means of helping to wash
from the stomach, liver, kidneys and
bowels the previous day's indigestible
and poisonous food, and thus
purifying the entire alimentary canal
before putting more food into the
stomach.

Just as soap and hot water cleanse
and soothe the skin, so hot water
and limestone phosphate act on the
eliminative organs.

Those who wake up with bad
breath, coated tongue, nasty taste in
mouth, dull aching head, yellow com-
plexion, sore stomach, constipation,
indigestion, nervousness, attacks of
colic, etc., should take a few
teaspoons of limestone phosphate each
morning. This will not only purify
the organs of assimilation, but also
purify the blood, and each morning are assur-
ed of pronounced results, both in re-
gard to health and appearance.

Mrs. Vandiver Honored.

Barnwell, Nov. 27.—The largest so-
cial event of the season was the re-
ception given by Mrs. W. H. Duncan
to the Louis Malone Over chapter of
the D. A. R. and Mrs. J. F. Van-
dive of Anderson on Monday after-
noon. The house was made most at-
tractive with its old mahogany deco-
rated with exquisite roses. Each room
and hallway was filled with vines and
cut flowers, and the soft light of
many candles. The entertainment
was opened with a piano selection
rendered by Mrs. R. C. Holman and
a violin piece by Miss Bailey. Mrs.
Vandiver then gave a talk on the D.
A. R. and put the society before this
new chapter in a most important and
forcible light. She is well able to
do this having been a worker in this
field soon after the society became a
material factor for good and use-
fulness. She inherited eloquence and
a command of good English. Her
father, Gen. L. M. Ayer, was one of
Barnwell county's most distinguished
orators. It is his father, Louis Malone
Ayer, for whom this chapter is named
and who actually took part in the
Revolutionary war. It is the constant
hope of this chapter that every one
interested in D. A. R. work, espe-
cially those who bear the name of
Ayer throughout Barnwell county, will
take an active part in making the
chapter a successful organization and
by their cooperation aid the work of
the society in the splendid cause of the
national society. Any information re-
quired by any one wishing to join
will gladly be furnished by the regent
or vice regent, Mrs. Buckhalter and
Mrs. W. H. Duncan.—Columbia
State.

Fiddler's Convention.
There will be a Fiddler's conven-
tion at High Point school house
Thursday night, December 2, given
under the auspices of the Ladies Im-
provement association.

Three prizes will be awarded as
follows:
First, to the best fiddler; second,
to the second best and the third to
the ugliest.

A small admission fee of five and
ten cents will be charged. The public
is cordially invited to attend.

Went to the Hospital.

C. E. Blanchard, postmaster at
Blanchard, Cay, writes: "I had kid-
ney trouble so bad I had to go to
the hospital. Foley Kidney Pills were
recommended to me and they com-
pletely cured me. I cannot speak too
highly of them. Sufferers in every
state have had similar benefit from
this standard remedy for kidney and
bladder ailments. It cures back-
ache, stiff joints, swollen muscles
and all the various symptoms of
weakness and diseased kidneys. Sold
everywhere."

HANUKKAH JEWISH
WILL BEGIN DEC. 6TH

IS FEAST OF DEDICATION
AND IS OBSERVED OVER
ENTIRE COUNTRY

KINDLE LIGHTS

In the Home and Synagog, One
First Evening, One on Second
Etc., Until Eight Burn.

Hanukkah, the Jewish Feast of
Dedication, begins the second of De-
cember and extends over a period of
eight days. The account of its origin
is set forth in the books of the Mace-
bees. The Syrian King, Antiochus
Epiphanes, had determined to unify
all the peoples of his kingdom. To
accomplish this he believed it neces-
sary to compel all to adopt a common
religion. The Jews were his politi-
cal subjects. Their monotheism and
distinctive religious practices based
upon the Bible were in sharp contrast
to his religion, a form of paganism
originally imported from Greece.
"Judaism must be destroyed," be-
came the watchword of the Syrian
court. In 165 B. C. the royal com-
mand went forth that shrines and
altars be erected for idol worship.
Jewish rites and practices were inter-
dicted. The sacred writings where-
ever found were destroyed. Direct
persecutions were visited upon the
faithful. As a climax in the cam-
paign to extinguish the Jewish faith,
the altar in the temple of Jerusalem
was profaned. Syrian soldiers offered
up sacrifices to Zeus Olympus.
These drastic measures aroused the
Jews to revolt. Judas Maccabeus
was appointed leader by his father
Mattathias. After three years of suc-
cessful warfare against the Syrians,
Judas was in a position to dedicate
a new altar at Jerusalem, the vest-
iges in connection with the dedica-
tion lasting eight days. To com-
memorate this event, "Judas and his
brethren and the whole congregation
of Israel ordained that the dedication
of the altar should be kept in their
seasons from year to year by the space
of eight days from the 25th day of
Kislev with gladness and joy. This
festival is also known as the "Feast
of Lights," probably because burning
lamps and torches in the ancient
temple and home, were used to cele-
brate.

The distinctive ceremonial features
of lights in the home and in the syna-
gog; one on the first evening, the
number being increased by one on
each consecutive evening, until eight
lights are lit on the last evening of
the festival. Special prayers inspir-
ed by the historic event commemorat-
ing the triumph of monotheism over
heathenism, of the forces of light over
the forces of darkness are recited.
Special scriptural portions are read
in the synagog. The festival does not
call for cessation from labor and is
therefore regarded as one of the two
minor feasts in the Jewish calendar.
In modern times children's festivals,
in which the story and significance
of the feast are recounted, have be-
come a marked feature in the cele-
bration of the feast of dedication.
